

LOS ANGELES FIRE DEPARTMENT CHIEF OFFICERS ASSOCIATION

P.O. BOX 2287 • LOS ANGELES, CALIFORNIA 90053-2287 • (323) 255-2276

June 12, 2017

Pedram Salimpour, MD
President
Board of Commissioners
Los Angeles Fire and Police Pensions
701 East 3rd Street, Suite 200
Los Angeles, CA 90013

Dear Dr. Salimpour:

The Los Angeles Fire Department Chief Officers Association has become aware that Raymond P. Ciranna, the General Manager of the Department of Fire and Police Pensions (LAFPP) has proposed changes to our member's medical plans that could potentially lead to the elimination of the current medical plans of all LAFPP retired members and surviving spouses. The Los Angeles Fire Department Chief Officers Association is vehemently opposed to any changes or modifications that would eliminate or alter any of the existing medical plans for our members now and in retirement.

The Los Angeles Fire Department Chief Officers Association represents the command officers of the Los Angeles Fire Department and also serves as a support network for many of our retired chief officers. We will exercise any and all options available to us to ensure that these proposed changes do not take effect or lead to the elimination in any form of our current and retired member's medical plans. Please contact me via email at cnclmanfox@aol.com if you have any questions.

Respectfully,

Andrew P. Fox
President
